

In relation to what we spoke about the last time we had our internship meeting, I made this little survey for my music ministry volunteers to fill out. I sent it out last Tuesday, and it got five responses. It was anonymous but I can tell from the answers who's who. But yet again, we suffered from a lack of people on Sunday. It was only me and J. Paul. Now to figure out how to keep people coming, I guess.

If you could use one word or phrase to describe being a part of music ministry at Saint Leo, what would it be?

Enjoyable

Fulfilling; you get to serve the Lord and do something you like, all with people you (hopefully) enjoy being near

Nice

What is your motivation for participating in music ministry?

I love to sing for the Lord!

To praise God! But honestly I enjoy the participation in the mass. It also allows me to help when I don't alter serve

I like playing music for the Lord and I love to sing and play guitar. It's been a part of me since around kindergarten.

Wanted to participate more in mass and use my skills in cello (guess who, lol) for something useful

Praise God

Any questions, comments, suggestions, or feedback for me?

Rosa you are a slay!

Your doing a great job!!

Don't sweat too much 'bout J. Paul leaving, trust in the Lord that the position of pianist/guitarist will be filled, or maybe even a better, unseen solution will appear. Also, good song choice.
